Excellent

Work History

2019-04 - Current

React Developer

Cyan Bird Designs, Austin, TX

- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Designed REST calls using React to streamline user interface performance.
- Assembled and addressed technical and design requirements, integrating front-end elements to maintain web presence effectiveness.
- Wrote clean HTML, CSS, and JavaScript code, integrating design, extensions and third-party apps according to web development plans.
- Created unique spaces for marketing ads within landing pages, providing visitor conversion rates of 4.5%.
- Enforced Agile and Scrum development methodologies on interface projects to shorten development times.

Education

2020-04 - 2020-09

Certificate: Full Stack Web Development

The University of Texas At San Antonio - San Antonio, TX
